

TITLE 8 ZONING, PLANNING, HOUSING, ECONOMIC AND
COMMUNITY DEVELOPMENT AND HUMAN RESOURCES
CHAPTER 124 ZONING

Conn. Gen. Stat. § 8-3 (2006)

§ 8-3. Establishment and changing of zoning regulations and districts. Enforcement of regulations. Certification of building permits and certificates of occupancy. Site plans. District for water-dependent uses.

(a) Such zoning commission shall provide for the manner in which regulations under section 8-2 or 8-2j and the boundaries of zoning districts shall be respectively established or changed. No such regulation or boundary shall become effective or be established or changed until after a public hearing in relation thereto, held by a majority of the members of the zoning commission or a committee thereof appointed for that purpose consisting of at least five members. Such hearing shall be held in accordance with the provisions of section 8-7d. A copy of such proposed regulation or boundary shall be filed in the office of the town, city or borough clerk, as the case may be, in such municipality, but, in the case of a district, in the offices of both the district clerk and the town clerk of the town in which such district is located, for public inspection at least ten days before such hearing, and may be published in full in such paper. The commission may require a filing fee to be deposited with the commission to defray the cost of publication of the notice required for a hearing.

(b) Such regulations and boundaries shall be established, changed or repealed only by a majority vote of all the members of the zoning commission, except as otherwise provided in this chapter. In making its decision the commission shall take into consideration the plan of conservation and development, prepared pursuant to section 8-23, and shall state on the record its findings on consistency of the proposed establishment, change or repeal of such regulations and boundaries with such plan. If a protest against a proposed change is filed at or before a hearing with the zoning commission, signed by the owners of twenty per cent or more of the area of the lots included in such proposed change or of the lots within five hundred feet in all directions of the property included in the proposed change, such change shall not be adopted except by a vote of two-thirds of all the members of the commission.

(c) All petitions requesting a change in the regulations or the boundaries of zoning districts shall be submitted in writing and in a form prescribed by the commission and shall be considered at a public hearing within the period of time permitted

under section 8-7d. The commission shall act upon the changes requested in such petition. Whenever such commission makes any change in a regulation or boundary it shall state upon its records the reason why such change is made. No such commission shall be required to hear any petition or petitions relating to the same changes, or substantially the same changes, more than once in a period of twelve months.

(g) The zoning regulations may require that a site plan be filed with the commission or other municipal agency or official to aid in determining the conformity of a proposed building, use or structure with specific provisions of such regulations. **If a site plan application involves an activity regulated pursuant to sections 22a-36 to 22a-45, inclusive, the applicant shall submit an application for a permit to the agency responsible for administration of the inland wetlands regulations not later than the day such application is filed with the zoning commission.** The decision of the zoning commission shall not be rendered on the site plan application until the inland wetlands agency has submitted a report with its final decision. In making its decision the zoning commission shall give due consideration to the report of the inland wetlands agency. A site plan may be modified or denied only if it fails to comply with requirements already set forth in the zoning or inland wetlands regulations. Approval of a site plan shall be presumed unless a decision to deny or modify it is rendered within the period specified in section 8-7d. A certificate of approval of any plan for which the period for approval has expired and on which no action has been taken shall be sent to the applicant within fifteen days of the date on which the period for approval has expired. A decision to deny or modify a site plan shall set forth the reasons for such denial or modification. A copy of any decision shall be sent by certified mail to the person who submitted such plan within fifteen days after such decision is rendered. The zoning commission may, as a condition of approval of any modified site plan, require a bond in an amount and with surety and conditions satisfactory to it, securing that any modifications of such site plan are made or may grant an extension of the time to complete work in connection with such modified site plan. The commission may condition the approval of such extension on a determination of the adequacy of the amount of the bond or other surety furnished under this section. The commission shall publish notice of the approval or denial of site plans in a newspaper having a general circulation in the municipality. In any case in which such notice is not published within the fifteen-day period after a decision has been rendered, the person who submitted such plan may provide for the publication of such notice within ten days thereafter.

TITLE 8 ZONING, PLANNING, HOUSING, ECONOMIC AND
COMMUNITY DEVELOPMENT AND HUMAN RESOURCES
CHAPTER 126 MUNICIPAL PLANNING COMMISSIONS
Conn. Gen. Stat. § 8-26 (2006)

§ 8-26. Approval of subdivision and resubdivision plans. Waiver of certain regulation requirements. Applications involving inland wetlands and watercourses.

All plans for subdivisions and resubdivisions, including subdivisions and resubdivisions in existence but which were not submitted to the commission for required approval, whether or not shown on an existing map or plan or whether or not conveyances have been made of any of the property included in such subdivisions or resubdivisions, shall be submitted to the commission with an application in the form to be prescribed by it. The commission shall have the authority to determine whether the existing division of any land constitutes a subdivision or resubdivision under the provisions of this chapter, provided nothing in this section shall be deemed to authorize the commission to approve any such subdivision or resubdivision which conflicts with applicable zoning regulations. Such regulations may contain provisions whereby the commission may waive certain requirements under the regulations by a three-quarters vote of all the members of the commission in cases where conditions exist which affect the subject land and are not generally applicable to other land in the area, provided that the regulations shall specify the conditions under which a waiver may be considered and shall provide that no waiver shall be granted that would have a significant adverse effect on adjacent property or on public health and safety. The commission shall state upon its records the reasons for which a waiver is granted in each case. The commission may establish a schedule of fees and charge such fees. The amount of the fees shall be sufficient to cover the costs of processing subdivision applications, including, but not limited to, the cost of registered or certified mailings and the publication of notices, and the costs of inspecting subdivision improvements. Any schedule of fees established under this section shall be superseded by fees established by ordinance under section 8-1c. The commission may hold a public hearing regarding any subdivision proposal if, in its judgment, the specific circumstances require such action. No plan of resubdivision shall be acted upon by the commission without a public hearing. Such public hearing shall be held in accordance with the provisions of section 8-7d. The commission shall approve, modify and approve, or disapprove any subdivision or resubdivision application or maps and plans submitted therewith, including existing subdivisions or resubdivisions made in violation of this section, within the period of time permitted under section 8-26d. Notice of the decision of the commission shall be published in a newspaper having a substantial circulation in

the municipality and addressed by certified mail to any person applying to the commission under this section, by its secretary or clerk, under his signature in any written, printed, typewritten or stamped form, within fifteen days after such decision has been rendered. In any case in which such notice is not published within such fifteen-day period, the person who made such application may provide for the publication of such notice within ten days thereafter. Such notice shall be a simple statement that such application was approved, modified and approved or disapproved, together with the date of such action. The failure of the commission to act thereon shall be considered as an approval, and a certificate to that effect shall be issued by the commission on demand. The grounds for its action shall be stated in the records of the commission. No planning commission shall be required to consider an application for approval of a subdivision plan while another application for subdivision of the same or substantially the same parcel is pending before the commission. For the purposes of this section, an application is not "pending before the commission" if the commission has rendered a decision with respect to such application and such decision has been appealed to the Superior Court. **If an application involves land regulated as an inland wetland or watercourse under the provisions of chapter 440, the applicant shall submit an application to the agency responsible for administration of the inland wetlands regulations no later than the day the application is filed for the subdivision or resubdivision.** The commission shall not render a decision until the inland wetlands agency has submitted a report with its final decision to such commission. In making its decision the commission shall give due consideration to the report of the inland wetlands agency. In making a decision on an application, the commission shall consider information submitted by the applicant under subsection (b) of section 8-25 concerning passive solar energy techniques. The provisions of this section shall apply to any municipality which exercises planning power pursuant to any special act.
